PRIME +			Supervisor's comments
<b>P</b>	Professionalism	Reminds supervisors to incorporate comments about professionalism into each domain listed below. Comment if there is an area of praise or concern.	
<b>R</b>	Reporter	Learners' ability to obtain information from a patient or family interview, to review a medical record, and to report findings coherently in oral presentations and written notes.	
<b>I</b>	Interpreter	This domain addresses how well a learner can interpret data collected from the history, physical examination, medical record, laboratory data, and radiologic studies; prioritize the most urgent problems; and formulate a well-reasoned differential diagnosis.	
<b>M</b>	Manager	As a manager, a learner would formulate diagnostic and therapeutic patient plans and manage all aspects of care for the most common complaints. Management includes performing simple procedures and managing one's own time.	
<b>E</b>	Educator	Includes learners' abilities to educate themselves via self-directed learning, appropriately accepting and responding to feedback, and critical interpretation of the medical literature. Learners can teach by locating relevant articles, and also can teach patients about health conditions.	
<b>+</b>	Areas of improvement	Suggest an area for focused improvement and development, giving learners feedback that will help them progress along the continuum of medical education.	

The purpose of this form is to identify students' strengths and areas of improvement. Some comments may be used to create the End of Rotation's summary final comments.
